New and exiting project in a charming village-invironment for sale and subsequent renovation. Let us manage it all, or be building owner on your own project with all the advice you may need. Take advantage of the possibility to be with it from the beginning. Give us your suggestions and/or take part as workman. Leave your own stamp on every detail in a house with four different levels with only a few steps in between and with many square meters. Possibility of : a roof terrace of 30 m² - own entrance - patio - winecellar and lots of other possibilities. The house, after renovation, could be used as a large one-family house or divided as a 2 family habitation. Or you may see the possibility for a little restaurant - wine bar or another kind of shop ?

Ask for our slideshow here or come with us and have a look on the spot with your own eyes. We could also show you before- and-after pictures of erlier renovation projects.

P.I.Design offer to prepare the sketch plan and to be in charge of the entire renovation.
